**Home-made, but Has No Equal for Coughs**. Makes a family supply of really dependable cough medicine. Ready to prepare and use at once.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with a cough and you want quick help, try this reliable old home-made cough remedy. Any drug-gist can supply you with 2½ ounces of Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. This recipe makes a pint of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing. Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds. There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.
